

OBSERVANCE OF WORLD BICYCLE DAY, 2023

On June 3rd, 2023, Lumding College enthusiastically observed World Bicycle Day, joining the global celebration of this significant event. The occasion was marked with a bicycle rally organized by the National Service Scheme (NSS) and the Extension Activities Cell of Lumding College. The theme for World Bicycle Day, 2023 was **"Riding Together for a Sustainable Future."**

World Bicycle Day holds paramount importance globally as it promotes the numerous benefits of cycling for individuals, communities, and the environment. Recognized by the United Nations, this day emphasizes the role of bicycles in fostering sustainable development, promoting health and well-being, and facilitating access to education, healthcare, and economic opportunities. Additionally, cycling is an eco-friendly mode of transportation that helps reduce carbon emissions and mitigates traffic congestion, contributing to the fight against climate change. Hence, the observance of World Bicycle Day serves as a reminder of the significance of cycling in achieving sustainable development goals and fostering a healthier and more sustainable future for all.

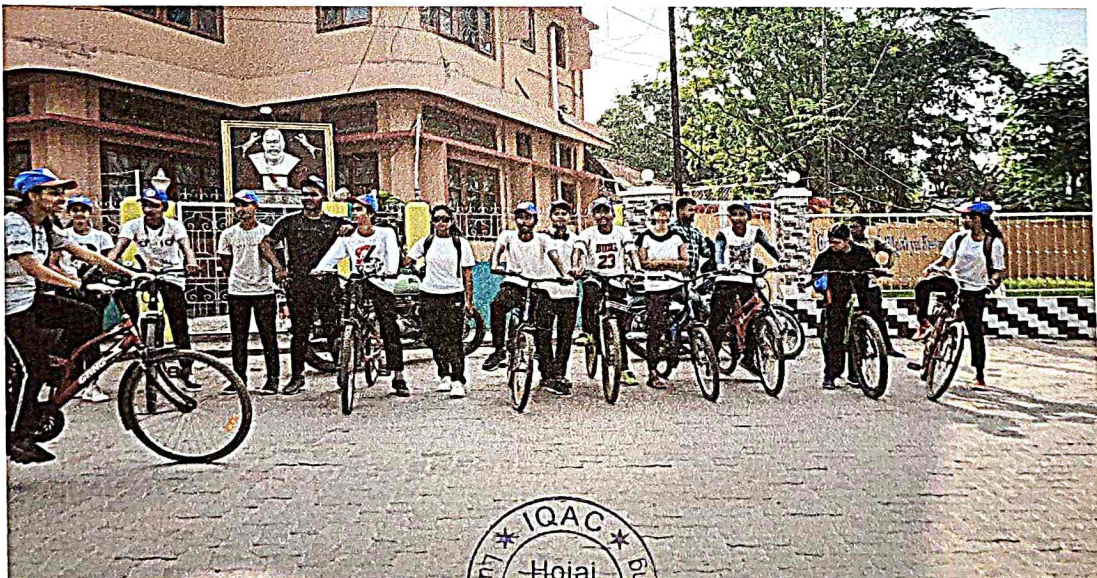

The bicycle rally organized by NSS and the Extension Activities Cell of Lumding College commenced at 6:30 AM from the college gate, marking the beginning of a day filled with enthusiasm and advocacy for cycling. The route of the rally extended to Lumding Police Station and back to the college, covering a significant distance within the town. The participation in the rally was commendable, with numerous NSS volunteers, students, and teachers actively taking part in the event. Their enthusiasm and commitment demonstrated a collective effort towards promoting the message of sustainability and health through cycling.

The event not only encouraged participation but also raised awareness about the importance of cycling in achieving environmental sustainability and enhancing personal well-being.
